Host an Advance Care Planning Event for Adults with MCI and Their Care Partners!

Project Talk Trial has expanded its reach to include individuals with **mild cognitive impairment (MCI)** and those at risk for Alzheimer's disease and its related dementias (ADRD).

We're recruiting 8-12 sites to host an event playing **Hello**, a conversation game about advance care planning. The goal of these events is to gather information that will inform adaption of the *Hello* intervention to suit the needs of those with mild cognitive impairment at risk for ADRD.
