

Hospice Foundation of America Announcement

MAKE AN IMPACT: HOST AN ACP EVENT

Start more advance care planning (ACP) conversations to empower underserved individuals to discuss their end-of-life wishes.

75 communities are being selected to host an event for underserved populations, including low-income, Spanish-speaking, and rural populations.

Project Talk research assistants attend all events to perform research activities. We are currently in year 4 of our 5-year research trial. Now is the time to apply and become a host!

Hosts receive a \$300 grant, and participants can earn up to \$90 in gift cards.

Help us reach our goal by sharing the project with this [downloadable pdf](#).

PROJECT TALK IN NORTH CAROLINA

Angela Lewis-Myers, ACP Social Worker at Cone Health, hosted a Project Talk event in Greensboro, NC this month, and participants shared a lot of positive feedback. Here is what Angela had to say about the event:

I think the event went extremely well. I was really excited to hear all the conversations that were happening with our community and just really excited to get advance care planning and this community better together around that topic.
