Project Talk Update

Time is running out! Don't miss this opportunity to empower advance care planning conversations in a low-income community near you.

Well, we loved hosting PTT in here in Hutchinson, KS. We felt that this was a very unique opportunity for our community to participate in not only a research trial but in a project that would help expand our residents' knowledge on ACP. And ultimately, I think that's what we did, and we did it through a fun and informative way, and everyone enjoyed themselves.

~ Meg Green, Hospice and HomeCare of Reno County
